REGIONAL COORDINATOR

Welcome to Future City Philadelphia!
We are super excited to see how our teams tackled the challenge of creating a city on the moon while also tackling virtual learning, collaboration, and competition. In such a crazy year we are thrilled that we were able to involve 30+ schools and over 600 students in our program. Thanks to our many sponsors, our hundreds of

SCHEDULE OF EVENTS

8:00 – 9:00 AM

Team Registration and Model Set-up
Buzz Aldrin Exhibition Halls

9:00 – 12:00 Noon

Preliminary Judging
Sally Ride Judging Hall

9:00 – 12:00 Noon

Special Awards Evaluations
Buzz Aldrin Exhibition Halls

12:00 – 1:15 PM

Lunch

1:15 PM

Announcement of Finalists
Michael Collins Auditorium

1:30 – 3:30 PM

Final Judging: Oral Presentations,
Questions from Judges
Michael Collins Auditorium

3:30 – 4:30 PM

Awards Ceremony and Announcement
of Regional Winning Teams
Michael Collins Auditorium

Also, Thanks to our in-kind donations:

Urban Engineers, Inc. - Program Design

FINAL JUDGES

Kevin Brown, PE

Transportation Construction Manager
Urban Engineers

Kevin Brown is a construction manager for Urban Engineers, Inc. In this role he has served as a consultant during construction for clients such as the Pennsylvania Department of Transportation, the Pennsylvania Turnpike Commission, the Schuylkill River Development Corporation, and the New York City Economic Development Corporation. Mr. Brown is currently the transportation construction manager on the PennDOT I-76 Rehabilitation Project in Philadelphia. He has served as a civil engineering materials adjunct professor at The College of New Jersey. Kevin earned his bachelor's and master's degree in civil engineering from Widener University. Mr. Brown is a mentor and team leader for the ACE Mentor Program, a past-President of the American Society of Civil Engineers (ASCE) Philadelphia Section Younger Member Forum (YMF), and is currently a Director on the ASCE Philadelphia Section's board. In addition, he currently serves as the Vice President of the Engineers' Club of Philadelphia and is a member of the National Society of Black Engineers (NSBE), the Construction Management Association of America (CMAA), and the American Society of Highway Engineers (ASHE).

Melissa Roth

Founder and Lead Researcher
Off Planet Research

Melissa Roth grew up in Boeing's backyard. She has always been fascinated with airplanes and travel. Several influential people suggested that she consider studying engineering because of her love of math. She began studying mechanical engineering at Saint Martin's University with the intent of joining Boeing after graduation. The switch to the space industry was unexpected but still follows her goals of getting her- and technology- off the ground. Ms. Roth has been instrumental in the design and construction of many of the unique processes used to produce one of the most critical materials in the aerospace industry. Ms. Roth joined Off Planet Research as a co-owner in 2017.

Joel C. Sercel, PhD

Founder
Trans Astronautica Corporation

Joel Sercel has over 30 years of NASA, industrial, other government agency, and academic experience and education all of which is directly related to space technology development and innovation. Dr. Sercel's professional experience includes a 14 year career at JPL; 12 years teaching, researching, and advising graduate students at Caltech in the area of space systems engineering; two years as a senior government official serving as the Chief Systems engineer of a \$22B Air Force communications satellite network (TSAT) leading a team of 122 systems engineers; several years as a private technology and management consultant; and most recently entrepreneurial leadership of a collaborative technology company, TransAstra, focused on ISRU technology. Dr. Sercel is a proven engineer, technologist, and innovator in diverse fields related to asteroid ISRU and the use of electric propulsion for small bodies exploration. Dr. Sercel's PhD in Mechanical Engineering at Caltech focused on applied plasma physics and electric propulsion technology. Dr. Sercel conceived of and initiated the NSTAR project (the first deep space solar electric propulsion system) and served as the first Principal Technologist of the NSTAR project.

Joseph R. Syrnick, PE, PLS

President & Chief Executive Officer
Schuylkill River Development Corporation

Joseph Syrnick is President & Chief Executive Officer of the Schuylkill River Development Corporation (SRDC), the lead agency for the redevelopment of the Tidal Schuylkill River. In partnership with public and private agencies, institutions and corporations, SRDC's core mission is to reconnect the river to the life and fabric of the city and region. Mr. Syrnick came to SRDC after a 34-year career with the City of Philadelphia, where he was Chief Engineer & Surveyor. He served 18 years as a Commissioner of Fairmount Park and is a member of the Philadelphia City Planning Commission where he currently serves as Vice-Chair. Mr. Syrnick is a graduate of Drexel University (BS in Civil Engineering in 1969; MSCE in 1971). He was 1997 Delaware Valley Engineer of the Year. Mr. Syrnick is a native Philadelphian and lives with his family in Roxborough. Mr. Syrnick was one of our Finals Judges for our first competition in 1996 and has continued to serve in that role for almost all of our competitions.

VOLUNTEER WITH FUTURE CITY!

Did You Know...

85% of Future City participants see math and science in their future.

57% said Future City helped them in their other classes.

83% reported they learned how to use problem solving to address real-world problems.

68% said they could see themselves as engineers someday.

89% reported that they have a new appreciation for the engineering and planning that goes into a city.

75% said it boosted their self-confidence.

VOLUNTEERS NEEDED FOR THE 2022 COMPETITION

Judges, mentors and general volunteers are needed for the 2022 Future Competition!

Project Management Institute® Delaware Valley

Vision

The PMI Delaware Valley Chapter will be recognized as a dynamic organization of project management professionals dedicated to serving the business and educational community of Delaware Valley Chapter through the advancement of project management.

Mission

The PMI Delaware Valley Chapter will provide a forum for project management professionals to promote the principles of the Project Management Institute through networking with other project management professionals, sharing project experiences, providing and receiving training, and supporting project management professional in their certification efforts.
